

Task 2: Website Landing Page UI Design – Daily Task Manager

Project Overview

The objective of this project was to design a modern, conversion-focused landing page for the Daily Task Manager application. The landing page promotes productivity and task management features while encouraging users to download and use the application.

Sections Included

- Navigation Bar
- Hero Section
- Features Section
- How It Works Section
- Testimonials Section
- Call-to-Action (CTA) Section
- Footer Section

Design Decisions

The landing page follows a modern startup-inspired design approach. A clean layout, large typography, rounded components, subtle shadows, and a purple accent color were used to create a professional and visually appealing user experience. The hero section highlights the value proposition of the application and showcases the mobile interface to attract users.

Color Palette

Primary: #6C63FF

Secondary: #EEF2FF

Text: #111827

Secondary Text: #6B7280

Background: #FFFFFF

Typography

Headings: Poppins Bold

Body Text: Inter Regular

Hero Heading: 56px

Section Heading: 36px

Body Text: 18px

Button Text: 16px

Component Specifications

- Primary Button: Purple background, 12px radius
- Secondary Button: White background with purple border
- Feature Cards: Rounded corners, icon, title and description
- Testimonial Cards: User avatar, rating and feedback
- CTA Banner: Gradient background with download buttons

Conclusion

The final landing page successfully communicates the purpose and benefits of the Daily Task Manager application. The design emphasizes usability, visual hierarchy, accessibility, and responsive behavior across desktop and mobile devices.
